200 PLASTIC

200 Plastic is great for entry level players looking to get into the game, The feel of this plastic brings a new dimension to our line-up. Similar to our 300 Plastic, but with less grip - the 200 Plastic stands on its own.

AVAILABLE IN THESE VARIANTS:

DURABILITY ●●●●●
STIFFNESS ●●●●●
GRIP ●●●●●

B

300 PLASTIC

300 Plastic is a special blend of materials that is durable enough to take solid impact but has the ability to be broken in over time. Our 300 Plastic has been developed for optimum feel and grip for Putters and Midrange discs.

AESTHETIC VARIATIONS

FRACTAL

Fractal splashes colors in a complex motif, tricking the eye into seeing patterns while each element remains distinctive and abstract. It's calming, chaotic, and completely one-of-a-kind.

SPECTRUM

Spectrum is a proprietary processing technique to produce intricate, beautiful color combinations and patterns; each disc is unique, and one more amazing than the last.

GLIMMER

Glimmer features eye-catching metal specks that have been molded into the plastic.

GLOW

GLOW allows you to charge up your disc in light and let it glow in the dark!
